#### ULTRALAQ® NEXT WHITE PRECATALYZED LACQUER

Ultraaq® Next White Pre-catalyzed Lacquer (1M-50X series)

Ultraaq® Next White is an extremely durable pre-catalyzed lacquer that is very user friendly, and has superb resistance to both water and household chemicals; making it an excellent choice for kitchen and bathroom cabinets, interior moldings and doors, and any interior woodwork that demands a tough, durable finish. It is controlled for tint strength and is also short filled to allow for easy tinting and repeatability.

*Use with 1C-500 Ultraaq® Next White Primer/Undercoater for a complete finishing system.*
